Course Outline

TAEULLN411-Address Adult Language, Literacy and Numeracy Skills, will shortly become a core unit in Certificate IV in Training and Assessment – TAE40110.

When the TAE10 Training Package is revised in July 2014 all new and existing trainers will need to hold, or demonstrate equivalent competency for unit TAEULLN411.

The unit describes the skills and knowledge a vocational trainer or assessor requires to identify language, literacy and numeracy (LLN) skill requirements of training and the work environment, and to use resources and strategies that meet the needs of the learner group.

The unit applies to individuals who teach, train, assess and develop resources.

Competence in this unit does not indicate that a person is a qualified specialist adult language, literacy or numeracy practitioner.

Cost
