Preamble

Kiama Community College Ltd is committed to the application of a fair and reasonable fees and refund policy. Through the application of this policy, the College makes prospective students and clients aware of College's fees, charges and refund arrangements before accepting enrolment.

Scope

This policy applies to fees, charges and refund that relate to the College's provision of education and training. The policy applies to students undertaking training with government subsidies, student and clients paying full fees and students paying concession fees.

Notification of Fees and Charges

Students are not required to pay fees for the following:

- Assessments to determine whether a student is academically suited to undertake a course;
- Applying for enrolment, or enrolling in, an approved course.

Fee-for-Service Courses

Student fees are kept as low as possible to cover course costs such as co-ordination, tuition, venue hire, insurance, course materials and other costs. The College advises fees and any additional charges and resource costs in course promotional materials for its fee-for-service programs. Promotional materials may include Course Guides and information packages, the College's website, quotes and pre-course invoices.

Smart & Skilled Subsidised Courses

Under the NSW Government's *Smart and Skilled* Program, a student contributes towards the cost of training through the payment of a student fee. Fees and charges for courses can be located on the College website and via the [Smart & Skilled website](#) and will ensure that students are aware of these costs prior to enrolment. We encourage all prospective students to contact the College to calculate fees.

Other Subsidised Programs

For all other government subsidised training programs, the College will advise each student of any subsidy the government provides, additional fees incidental expenses and other charges that apply to the study program before the student enrolls. Where an employer is supporting an employee's enrolment, the College will also provide this information to the employer.

Fees and Charges

Course Fees

The College determines course fees for its fee-for-service training provision. For government subsidised programs, the program contract may stipulate the fees that a student is to pay. Where there are no government subsidies, the College will set a market-rate course fee.

Non-refundable Deposits

The College may ask students to pay a non-refundable deposit for fee-for-service training provision. This amount will be reasonable and proportional to the costs associated with enrolment. Students will be advised up front of any non-refundable deposits.

Smart and Skilled Fees

Students enrolling with Smart and Skilled subsidies must pay the relevant fee as set out in the NSW Skills List. The College will calculate the relevant fee using the Smart and Skilled Provider Calculator, the student's eligibility criteria and any applicable Recognition of Prior Learning and Credit Transfer arrangements.

Fees will be calculated based on student's personal circumstances which will determine the student's eligibility for a subsidised course, concession fees or sometimes even exemption of fees. Personal circumstances that are taken into consideration when levying fees include but are not limited to:

- Any Prior qualifications*
- If the student is undertaking an Apprenticeship/Traineeship
- Eligibility for concession fees
- Eligibility for fee exemption
- Credit Transfers
- Recognition of Prior Learning
- Continuing Student from previous calendar year
- Deferral

* Student fees may be slightly higher for a second qualification.

Fees for Other Subsidised Programs

Students enrolling with any other subsidy must pay any fees that the relevant funding body sets out in its guidelines.

Other Incidental Expenses

There may be some incidental expenses of a personal cost to a student over and above the student fee. These costs may include but are not limited to:

- Essential equipment that can be obtained by Kiama & Shoalhaven Community College or another provider eg Make-up kit
- Field trips and food/transport associated with attending the necessary field trip
- Textbooks the student requires to undertake their qualification and is retained by the student at the completion of their qualification

Student will be advised in advance of the course commencement any additional costs that a student will or may incur.

Discontinuing Students

Non-refundable Deposits

For fee-for-service courses, listed below, the College will ask students to pay a non-refundable deposit. This amount is reasonable and proportional to the costs associated with enrolment. Students will be advised up front of any non-refundable deposits.

Course	Government Subsidised	Non-refundable Deposit
TAE40122 Certificate IV in Training & Assessment	No	\$300

Withdrawal Without Penalty

Kiama Community College Ltd will advise the student of the “withdrawal with no penalty” cut-off date, so the student is aware of the last day in which they can withdraw from training and be refunded any fees paid at enrolment, excluding any non-refundable deposits listed above

Withdrawal After the Cut-off Date Without Penalty

Where the student withdraws from training after the cut-off date, Kiama Community College Ltd will provide the student with a Statement of Fees that includes all fees applied and any fees refunded, if applicable.

Fee Refunds

The College will refund all or part of a student’s course fees, excluding any non-refundable deposits listed above, if:

- students cancel more than 7 days prior to course commencement – full refund
- The College cancels a course for any reason
- A student withdraws before the cut-off date for withdrawal without penalty
 - The cut-off date for Accredited courses is 14 days from the course commencement
- The Training and Learning Lead determines that course delivery did not meet the reasonable expectations of the student
- A student re-enrols only to repeat a unit or module with a not-yet-competent result and the student subsequently successfully appeals the original decision
- The College agrees that the student has medical, hardship or other extenuating circumstance preventing their attendance
- A student has overpaid the course fee
- The College has granted Credit Transfer (CT) or Recognition of Prior Learning (RPL) after enrolment and the fee recalculation is lower than the fee the student has already paid.

For any other circumstances, **Courses up to \$1000** there will be no refund.

For **Courses over \$1000**, if the proportion of course fees paid exceeds the proportion of course sessions delivered (at the point of notification of withdrawal) a refund will be paid for this excess amount. However, a \$492 administration fee will apply. This is in addition to the non-refundable deposit.

Where possible, and where it is the student's preference, enrolment in an alternative course of equal value to the refund amount can be provided instead of a refund.

Deferrals

Deferral of course enrolment will be considered in special circumstances. These could include, but are not limited to, serious illness or injury or bereavement of close family members. Supporting documents may be requested e.g. medical certificate. Please contact the College to discuss your circumstances.

Transferring between Providers

A student may withdraw from a qualification and transfer to another Registered Training Organisation to complete their qualification.

Transferring of Own Accord

If the student transfers to Kiama Community College Ltd of their own accord, standard credit transfer rules will apply with calculating the student fee. The student must obtain a Statement of Attainment from the initial provider so Kiama Community College Ltd can determine what credit to be granted. Then the student fee can also be calculated correctly.

If a student Transfers out to another provider, Kiama Community College Ltd will provide the student with a Statement of Attainment listing the competencies that the student has gained, a statement of fees (for Smart & Skilled courses) and an up-to-date training plan.

Transferring Due to Provider Closure or Contract Termination

If the student transfers to Kiama Community College Ltd from another Smart & Skilled provider that has lost their contract or that has closed, the student will not be charged an excess fee above the total fee that was quoted to the student by the initial provider. For Smart & Skilled courses, where the combined fee looks like exceeding the original fee quoted, Kiama Community College Ltd will contact the Department of Education to confirm the fee to be charged before enrolling the student and the gap will be paid by the Department.

The transferring student will need to provide to Kiama Community College Ltd a statement of attainment, a statement of fees (for Smart & Skilled courses) and an up-to-date training plan issued by the previous provider. If the provider has closed and the student cannot obtain these, we will contact the Department for assistance.

Payment Arrangements

Payment arrangements align to courses and may vary depending upon factors such as length of course, student cohort or government contract guidelines.

It is a College requirement that where course fees, non-refundable deposits, administrative or other charges apply, students must pay these items by the due date. This requirement applies irrespective of the availability and receipt of government subsidies by an employer, school, or student.

Fee Payment Options

Kiama Community College Ltd offer a range of payment options including periodic payments, cash, Visa, Mastercard, direct debit. Please contact Reception for full details.

Recovery of Outstanding Fees

Students must pay all fees and charges by the due date. Failure to pay fees and charges may result in any or all of the following until the student pays the full amount:

- Suspension from attending or participating in the course
- Exclusion from assessment activities
- Withholding of certification documentation
- Termination of the enrolment
- Exclusion from any future enrolments at the College.

The College will remind students who fail to pay fees of their obligation to do so and of the possible consequences of non-payment.

The College may refer fees and charges remaining unpaid after ninety (90) days from the due date to a debt collection agency.

Smart & Skilled Student Withdrawal

This section only applies to students who undertake courses subsidised through the Smart and Skilled Program.

If a student, undertaking a Smart and Skilled subsidised course, withdraws from a course AND they are on a payment plan, the student may not be required to repay the remainder of their student fee. The decision regarding the repayment of outstanding course fees will be at the discretion of the College.

Fees Paid in Advance

The College will, at no time, request or accept from a prospective or current learner prepaid fees in excess of a total of \$1,500.

Prepaid fees include all fees that a learner is required to pay, including enrolment fees, tuition fees, materials fees and any other fee component that is a mandatory payment for the course.

Completion Guarantee

The College is committed to making every reasonable effort to ensure that when students enrol with the College they can complete their study program. The College will only commence a course when there are sufficient students enrolled for the course to be viable. Should the College decide to cancel a course due to limited enrolments, the College will return all prepaid fees for that course to students, including any non-refundable deposits.

Once a course commences, the College guarantees to complete the course within the period advertised. Where circumstances arise beyond the College's control, that force the College to

discontinue the course, the College guarantees that it will:

- Refund any fees a student has paid for modules or units not delivered
- Issue Statements of Attainment for all the work successfully completed and
- Assist the student, to the best of the Colleges' ability, to transfer to an equivalent course with another Registered Training Organisation.

Circumstances beyond the College's control may include a trainer becoming ill or resigning unexpectedly, the College's inability to source a replacement tutor or when continuing student numbers fall below viability levels.

Students' Rights to Appeal Decisions

If a student is not satisfied with a College decision about fees or refunds, the student may appeal that decision using the College's Student [Complaints Policy](#). This policy and the availability of complaints and appeals processes do not remove a student's right to take action under Australian consumer protection law.

Compliance

The College's Fees and Refunds Policy and related procedures shall contribute to compliance with the following legislation and regulations:

Competition and Consumer Act 2010	Registered Training Organisation (RTO) Standards
