“

I enrolled in a Certificate III in Accounting at the Community College. My teacher was really knowledgeable and friendly and the College staff supported me to get job ready. This helped me to secure my job as an accounts officer in a transport company after my HSC.

I went to uni after school but it wasn't for me, so I started studying at the Community College. Its been the best decision I've made in years. I had a fabulous trainer and the staff and my class mates were friendly and supportive. I'm graduating with my qualification, a great job and with more confidence!
